**COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE AND
EXAMINER'S INTERVIEW SUMMARY**

Sir:

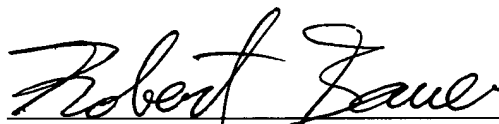

Applicants gratefully acknowledge the Notice of Allowability mailed on July 15, 2005. The Reasons for Allowance state reasons for the allowance of independent claims 29 and 54. The dependent claims recite additional features not found in the independent claims, and thus may be allowable for additional reasons not included in the Reasons for Allowance.

The Examiner's Interview Summary states that it was agreed that the Examiner's Amendment "would place the application in condition for allowance." While applicants did agree to the requested Examiner's Amendment of claim 54 to avoid delay in the issuance of their patent, applicants did not, and do not, necessarily agree with the Examiner's statement at the time that the claim was unclear and possibly indefinite under 35 USC 112, second

paragraph, in the absence of such an Amendment. Nor did applicants agree that claim 56 directed to a packet data interface apparatus was not allowable. Applicants have filed a continuation application (Application Number 11/221,163 filed on September 7, 2005) which contains claims 54 and 56, among other claims, to reserve the right to traverse statements made in this application respecting the allowability of such claims during prosecution of the continuation application and otherwise.

An Issue Fee Transmittal accompanies this Comment on Statement of Reasons for Allowance. Please charge any shortage in fees, including extension of time fees, to Deposit Account No. 10-0100 (NOKIA.4001US) and please credit any excess fees to such Deposit Account.

Respectfully Submitted,
